**Add Triton Blackboard to the Compatibility View settings of Internet Explorer 9**

If the Menu bar is not already displayed, Right click in the top blue area to select **Menu Bar**

From the Menu bar, click on **Tools** and **Compatibility View Settings**

For "Add this website", enter blackboard.com and click **Add**. Finally, click to **Close** the compatibility view settings box and close your Internet Explorer browser. Launch Internet Explorer again and visit https://triton.blackboard.com to load Triton Blackboard with the new compatibility view settings.
