Online Learning

HOW TO ACCESS YOUR COURSE

Blackboard is the course-management system that Triton College uses for online, hybrid, and enhanced teaching and learning. Blackboard enables instructors to provide students access to course materials, communication tools, online assessments, and grades, as well as the ability to submit assignments electronically. Blackboard can be accessed anywhere, anytime you have an Internet connection.

Login Information

Username: = last eight digits of Photo ID number

**Password:** = last four digits of Social Security Number

OR

If you have not entered a Social Security Number into My Triton Space, use the last 4 digits of your Colleague ID.

To view your Colleague ID number, or Photo ID number, students may visit My Triton Space.

Your Colleague ID can be found on the WebAdvisor->Academic Profile->My profile page.

For **help**, visit our Online Support Page.

Step 3

Enter your username and password

Once you login, your classes will show up in the Course List module located in the center of the screen.

Simply click the appropriate link to enter a course.

If you just registered for an online class, you may not see this course in Blackboard. Typically, it takes 1 business day for your registration to transfer into Blackboard.
