

Mark your calendar now for a Total Lunar Eclipse!

Sunday, May 15, 2022 at

www.MrEclipse.com.com

**Come watch the Moon pass through Earth's shadow
at Triton College's Cernan Earth and Space Center.**

A total lunar eclipse is interesting when seen with your own eyes, but telescopes or binoculars enhance the view. A lunar eclipse is perfectly safe to look at because you are viewing the Moon, NOT the Sun.

Event schedule for May 15, 2022.

8:00 PM - Dark Side of the Moon Cosmic Light Show in the planetarium. Tickets are \$5.
9:00 PM - telescope observing begins
9:10 PM - eclipse demo in the planetarium
9:29 PM - partial lunar eclipse begins
9:40 PM - eclipse demo in the planetarium
10:10 PM - eclipse demo in the planetarium
10:30 PM - total lunar eclipse begins
11:00 PM - telescope observing ends
11:12 PM - totality reaches maximum
11:56 PM - total lunar eclipse ends
12:55 AM - partial lunar eclipse ends (May 16)

Admission to the Total Lunar Eclipse event is free EXCEPT for the Dark Side of the Moon cosmic light show which is \$5 per person. Tickets go on sale at 7:30 PM.

THANK YOU to the Chicago Astronomical Society and Skokie Valley Astronomers for providing the telescopes for public observing from 9-11 PM.

Sit back ... relax ... and experience Pink Floyd's timeless classic within the unique environment of the planetarium accompanied by brilliant lasers, digital effects and thousands of stars. Suitable for all generations.

No matter who you are or what you aspire to be ...

There's
a place
for you.
